Department	Nutrition & Dietetic Services
Service & Directorate:	Allied Health
Location:	Nelson
Reports to:	District Team Leader Dietetics (Operational & Professional)
Professionally Reports:	District Team Leader Dietetics (Operational & Professional)
DHB Delegation Level:	NA
Number of direct reports:	Nil
Date:	November 2018

Our Vision

All people live well, get well, stay well.
Kaiao te tini, ka ora te mano, ka noho ora te nuinga.

Our Mission

Working with the people of our community to promote, encourage and enable their health, wellbeing and independence

Our Values - Ā Mātou Uara:

Respect	Innovation	Team Work	Integrity
We care about, and will be responsive to, the needs of our diverse people, communities and staff.	We will provide an environment where people can challenge current processes and generate new ways of working and learning.	We create an environment where teams flourish and connect across the organisation for the best possible outcome.	We support an environment which expects openness and honesty in all our dealings and maintains the highest integrity at all times.

CONTEXT THIS POSITION OPERATES WITHIN

Nelson Marlborough Health (NMH) is responsible for the effective delivery of health and disability services to people of Nelson, Tasman and Marlborough. This includes hospital based services, community based services and referrals to and from appropriate tertiary centres.

Allied Health, Scientific and Technical professionals work in health care teams providing a range of diagnostic, technical, therapeutic and direct patient care and support services that are critical to the other health professionals they work with and the communities they serve.

This role will work collaboratively with all health professionals as well as the wider multi-disciplinary team throughout NMH in a way that is consistent with the Organisation’s vision and values.

ROLE PERSPECTIVE

The specific group of Allied Health services include Dietetics, Occupational Therapy, Physiotherapy, Speech and Language Therapy, Social Work, Clinical Psychology (cancer services), Podiatry, Orthotics and Audiology. Services are delivered regionally across the inpatient, outpatients and community settings.

The position is central to the Dietetic department, working collaboratively with colleagues, other allied health staff, services and reporting to the Team Leader. Service delivery may occur in a range of settings and in partnership with individuals, families, whanau and communities and the multi/interdisciplinary model of care.

PURPOSE OF ROLE

To provide comprehensive patient / client assessment in order to develop an agreed plan of care, ensuring interventions provided are in line with contemporary, research and evidenced based practice in order to deliver a safe, high quality clinical care to patients / clients across the service continuum.

Key Accountabilities:

Examples of successful delivery of duties and responsibilities

Leadership & Management

- Contributes to the development of team goals and service delivery.
- Attends and contributes to relevant department, clinical and team meetings, leading and facilitating such meetings as requested.
- Assists team leaders and professional leaders in clinical assurance activities as requested.
- Directs and delegates work to allied health assistants and support staff as required in the role, ensuring that delegated tasks, documentation and communication is carried out.
- Maintains timely and accurate statistics as required by department

- Utilises resources (time, equipment,) efficiently and effectively.

Clinical Practice

- Takes legal and professional responsibility for managing own caseload of patients / clients with increasing complexity and be able to independently adapt and make decisions regarding dietetic treatment and intervention.
- Utilises information available to prioritise patients/clients to enable appropriate allocation of referrals and workload with staff in the team.
- Carries out comprehensive assessment with patients / clients (and whānau where appropriate) this may include use of standardised assessments to assist in assessment and intervention planning.
- Formulates and delivers individualised dietetic intervention using comprehensive clinical reasoning skills and in depth knowledge of treatment approaches. This should, take into account the patient's own goals and those of the wider multidisciplinary team (MDT).
- Demonstrates effective communication, to establish a therapeutic relationship and set expectations with patients / clients, whānau and the IDT, inclusive of the wider health team and external agencies as appropriate. This includes relaying complex, sensitive and contentious information.
- Assesses the patient's / clients understanding of assessment, interventions and goals and gain informed consent for intervention, taking into account those who lack capacity (e.g. those with cognitive difficulties).
- Regularly reassesses and evaluates the patient / client's progress against identified goals and adjust intervention as situations change.

- Undertakes assessments in an organised and systematic way.
- Completes documentation consistent with legal and organisational requirements. Demonstrates competency using the IDNT documentation format.
- Demonstrates awareness of local, sub-regional and regional context in relation to provision of health and social support and the impact on service provision.
- Demonstrates provision of culturally safe and bicultural practice with patients and their whānau.
- Demonstrates an understanding of the roles of the interdisciplinary and transdisciplinary team.
- Applies evidence based practice.
- Participation in peer review.
- Participation in multidisciplinary team meetings as required by the role.
- Ensures linkages to the wider allied health services.

<ul style="list-style-type: none"> • Refers on to other services to work with the patient/client towards achievement of longer term goals. • Develop comprehensive discharge / transfer plans as appropriate. • Carries out regular clinical risk assessments for patients/ clients on own caseload and takes action to effectively manage identified risks, seeking support where appropriate. • Demonstrates an awareness of health inequalities, with evidence of implementing actions within own clinical practice towards reducing these for the patient/client and/or whānau. • Represents the service and / or individual patients/clients at clinical meetings and case conferences to ensure the delivery of a coordinated multidisciplinary service and to ensure dietetics is integrated into the overall intervention (where appropriate) including discharge planning. • Adheres to any applicable recognised best practice for dietetic and any relevant clinical policies and practice guidelines. • Provides advice, teaching and instructions to patients / clients, carers, relatives and other professionals to promote consistency of support being delivered. • Maintains up to date knowledge of special purpose foods, vitamins, minerals and other prescribable medications by dietitians and is competent at prescribing these. • Identifies unmet needs of patients / clients and identifies potential solutions to address these needs. • Demonstrates an understanding of Food Service delivery and special diet management (if applicable). 	
--	--

Teaching & Learning	
--------------------------------	--

<ul style="list-style-type: none"> • Maintains competency to practice through identification of learning needs and Continuing Competency (CPD) activities. This should comply with professional registration requirements. • Contributes to training within the team/service. • Supervises, educates and assesses the performance of dietetic students when applicable. • Provides interdisciplinary education in direct clinical area, or discipline specific teaching across teams. • Maintains an awareness of current developments in the clinical areas being worked in and make recommendations to changes in practice. • Be involved in the induction and training of newly appointed staff as required. • Provides mentoring and clinical support and / or professional supervision where required. 	<ul style="list-style-type: none"> • Demonstrates the ability to critically evaluate research and apply to practice. • Completes mandatory training as applicable for the role. • Participates in an annual performance review and associated clinical assurance activities. • Participates in regular professional supervision in line with the organisations requirements and/or professional body. • Attends department in-service training programme.
--	--

APPENDIX 1

General Responsibilities of an Employee of Nelson Marlborough Health (NMH)

1. Professional Responsibilities

As an employee of NMH you are required to:

- Maintain any qualifications, including registrations and practising certificates, required for legal and safe practice.
- Keep yourself up to date on knowledge, best practices and legislation relating to your work.
- Make a personal contribution towards effective and efficient working relationships within your team and with other NMH departments.
- Ensure you carry out your work in a way that is customer-focused and meets professional standards.
- In conjunction with your manager, identify your own training needs and plan to meet these needs.
- Manage your own time and prioritise your work effectively.

2. Health, Safety and Wellbeing

- Compliance with all health and safety legislative requirements.
- Compliance with the ACC Partnership Programme requirements.
- Compliance with all organisation-wide health and safety policies and procedures.
- Compliance with the Health and Safety Manual, any relevant chemical information and the emergency plan.
- Work is carried out in a healthy and safe manner and others are encouraged and assisted to work in the same way.
- Unsafe workplace conditions/practices (hazards) are identified, reported and mitigated/rectified early.
- Knowledge of identified hazards is kept up to date.
- Reportable event form is completed (via *Safety First*) for any accident or injury which has taken place at work, ensuring, in the case of injury, that your supervisor or manager is notified within 24 hours.
- Co-operation, support and promotion of occupational health and safety actions and initiatives in the workplace.

3. Right to Raise Concerns

- All employees of NMH are expected and encouraged to immediately ask questions, and raise any concerns/issues with their colleagues at their place of work, particularly if the care of a patient could potentially be compromised.
- All staff are expected to act professionally and to actively listen to the concerns or opinions of others being raised at the time.

4. Child Wellbeing and Protection

NMH is committed to identifying, supporting and protecting vulnerable children. The prevention of abuse and enhancing the wellbeing of children and their families aims to keep vulnerable children safe before they come to harm so they can thrive, achieve and belong. As an employee you are required to comply with all relevant legislation e.g. the Vulnerable Children Act 2014 and the Children, Young Persons and their Families Act 1989. You are also required to:

- Contribute to and support the organisation's strong commitment to a child centred approach to protect children across the region.
- Act at all times in the best interest of the children and young people, putting their interests first.
- Ensure collaborative working practices and recording and sharing of information to address abuse, suspected abuse or disclosure of abuse in a timely and appropriate fashion.

5. Legislation, Regulations and Board Policies

You are required to be familiar with and adhere to the provisions of:

- All relevant acts and regulations
- All Board, hospital and department policies
- All relevant procedure manuals
- The “Employee Obligations” within NMH’s Disciplinary Policy.

6. Confidentiality

You are required to:

- Adhere to the Privacy Act 1993, the Health Information Privacy Code 1994 and subsequent amendments in regard to the non-disclosure of information.
- Maintain strict confidentiality of patient, applicant and employee information at all times.

7. Risk Management

You are required to:

- Support and promote actions and initiatives in your work area which enable risks to be identified and eliminated or reduced.
- Be especially aware of those risks which have high cost or safety implications.
- Complete an accident/incident report for any accident, incident or near miss which has taken place at work.
- Respond to complaints according to appropriate policies.

8. Security

You are required to:

- Wear your identification badge at all times when on site or when carrying out official duties.
- Notify Human Resources of any changes required for your ID badge.
- Report any suspicious or unusual occurrence to the security officer, orderly or telephone operator.
- Complete an incident report for any incident which has or might have compromised the safety of staff, consumers and visitors.

9. Treaty of Waitangi

NMH is committed to its obligations under the Treaty of Waitangi. As an employee you are required to give effect to the principles of the Treaty of Waitangi: Partnership, Participation and Protection.

10. Smoke free

NMH is a Smoke free Organisation. This applies to all staff and contractors working within NMH buildings, grounds and vehicles. Staff are required to comply with the policy and ensure all visitors, consumer sand others are informed of the policy. This also applies to NMH staff employed on Board business in the community.

CHANGES TO POSITION DESCRIPTION

From time to time it may be necessary to consider changes to the position description in response to the changing nature of our work environment – including technological requirements or statutory changes. This Position Description may be reviewed as part of the preparation for your annual performance and development review.

Please sign below to confirm that you have read, understood and agree to the responsibilities and expectations outlined in this position description.

Signed: Date:

APPENDIX 2

The preferred candidate is required to complete a Pre-Employment Health Questionnaire. The table below outlines the tests to be carried out - depending on the nature of the position applied for.

Condition	Information to include in Position Description
TB Active	No person with active pulmonary or laryngeal tuberculosis (TB) is allowed to be at work in NMH
TB Latent	Staff who expect to have contact with consumers or infectious materials must have assessment of previous TB exposure at the time of employment
BBV	No person who is susceptible to hepatitis B is allowed to have contact with consumers or human materials (e.g., blood) unless they have taken part or agree to take part in a blood-borne virus education, prevention and vaccination program
MRSA	No person colonised or infected with methicillin-resistant <i>Staphylococcus aureus</i> (MRSA) is allowed to work in clinical areas ¹ New staff who will be working in clinical areas should be screened for MRSA if they have: <ul style="list-style-type: none">• a chronic skin condition• been working in an overseas healthcare facility in the last year• been MRSA-positive in the last year
Skin	No person with a skin condition that by virtue of its site and type could be an infection risk is allowed to have contact with patients, food, microbiology samples or sterile items
Measles/Rubella	No person who is susceptible to measles or rubella is allowed to have contact with pregnant women.
VZV	No person susceptible to varicella-zoster virus (chickenpox) is allowed to have contact with newborn babies or pregnant women
EPP	No person who has detectable hepatitis B e antigen or high levels of hepatitis B virus DNA in their serum is allowed to undertake or assist with exposure-prone surgical procedures ²

¹Clinical areas include inpatient medical and surgical wards (includes Medical Units, AT&R Units, Surgical Wards, Paediatrics, Day Stay, Neonates and Women's Health). Screening does not apply to staff working in outpatient areas (e.g., clinics, Radiology, Respiratory Function lab) or in DSS, Mental Health or Drug and Alcohol services (transmission of MRSA is less likely and infection is rare in these sites.)

²Exposure-prone surgical procedure = a procedure where there is the potential for direct contact between the skin (usually finger or thumb) of the health care worker and sharp surgical instruments, needles, or sharp tissues (spicules of bone or teeth) in a blind or highly confined anatomic site such as a body cavity or in poorly visualised and/or confined body sites. Such sites include body cavities encountered during emergency and trauma procedures, abdominal, cardiothoracic, obstetric/gynaecological, orthopaedic and oral surgery
